## IMPROVE ROOM SERVICE DELIVERY AND GUESTS' SATISFACTION

Club Car's new Carryall 700 Food Service Vehicle gives your food and beverage team everything they need to safely move food across your property. It comes with a van box that's powder coated inside and out and engineered for food service with:

This vehicle features:

- A rack system that holds up to 68 trays or sheet pans; a shelf rack that holds up to 10 shelves.
- Drip edges above doors.
- Space for glass racks and more.
- Lockable, stainless-steel paddle latches.

The vehicles also comes standard with:

- Canopy and hinged windshield.
- 12-volt powerport.
- Halogen Headlights.
- Differential guard and rear fender guards.
- Side mirrors and rear tripod mirror.
- Electric bed lift.

The electric model come standard with:

- Extended range batteries and single point watering system.

For other configurations, ask your local Authorized Club Car Dealer about our Custom Solutions Department.

**ABOUT THE CARRYALL 700 UTILITY VEHICLE** The Food Service Vehicle is built on the Carryall 700 gasoline or electric utility vehicle platform. Its rustproof aircraft-grade aluminum frame withstands the water, fertilizer, chemicals and salt air often found on resorts.

The gasoline model comes equipped with a 14-hp rated single cylinder overhead cam engine with electronic fuel injection that gets up to twice the mileage of some competitive vehicles, yet delivers more power and torque.

The electric model is powered by 48-volt system and 500-amp DC motor controllers with controlled downhill ability, zero-speed detect to prevent roll away, regenerative braking, hand-held speed programmability and diagnostic capabilities. Smart onboard chargers issue alerts to prevent common user errors, and reel retractors allow for "opportunity charging."

The vehicle comes standard with a white body, white canopy and gray seats. Optional colors are available.
