BATTERY STORAGE

To obtain a copy of the limited warranty applicable to the vehicle, call or write a local distributor, authorized branch or the warranty department with the vehicle serial number and the manufacturer code.

The use of NON Original Equipment Manufactured (OEM) approved parts may void the warranty. If unsure please contact the warranty department in your region.
Battery prolonged storage All batteries will self discharge over time. The rate of self discharge varies depending on the ambient temperature and the age and condition of the batteries.
With electric vehicles the batteries must be checked and recharged as required or at a minimum of 30 day intervals.

Garia A/S reserves the right to incorporate engineering and design changes in this manual without obligation to include these changes on units sold previously.
The information contained in this manual may be revised periodically by Garia and therefore is subject to changes without notice.

Garia A/S DISCLAIMS LIABILITY FOR ERRORS IN THIS MANUAL and Garia A/S SPECIFICALLY DISCLAIMS LIABILITY FOR INCIDENTAL AND CONSEQUENTIAL DAMAGES resulting from the use of the information and materials in this manual.

ILLUSTRATION DESCRIPTION

The pictures in this Service Parts Manual are only for illustration purposes and variations may occur.

On all pages there will be an arrow in the upper left corner, this will indicate from which point the part/vehicle is viewed from. This is especially important when there are different parts for each side of the vehicle. please view the illustration below to get familiarized with the illustration setup.

Please note when the arrow is pointing away then it means the view point is from the rear of the vehicle.
